*The statistical information disclosed in this report is obtained from the California Department of Education and the Reef-Sunset Unified School District. At the time of publication, this report met all SARC-related state and federal requirements using the most current data available. Information for the instructional materials section was obtained in December 2018 and information for the school facilities section was obtained in November 2017.*

### Principal's Message

Welcome to Avenal Elementary School! The purpose of this School Accountability Report Card is to provide parents and the community with information about academic achievements, adequacy of instructional materials, status of campus facilities, student safety practices, qualifications of professional staff, and progress in meeting state standards. This report is provided in accordance with Proposition 98; every school in the state of California is required to publish this report annually.

We have made a commitment to provide the best educational program possible for our students. The excellent quality of our program is a reflection of our highly committed staff. Our school provides a welcoming, stimulating environment where students are actively involved in learning academics through a standards-based curriculum. We hold both staff and students accountable for their work, as we provide educational programs that meet or exceed state standards. Using assessment data to drive curricular programs, teachers analyze this information to develop effective instructional strategies and differentiated instruction that enable our students to reach proficiency. Collaborative efforts among administration, teaching staff, and parents will ensure students thrive in an environment that fosters emotional and academic success.

### District Mission

Reef-Sunset Unified School District is committed to providing a rigorous, inspiring and nurturing educational program.

### School Description

Reef-Sunset Unified School District is located in the city of Avenal which is situated on the coastal range foothills in the Western San Joaquin Valley in Kings County. More than 2,600 students in grades TK-12 receive a rigorous, standards-based curriculum from dedicated and highly qualified professionals. The district is comprised of three elementary schools, one junior high school, one comprehensive high school, two continuation high schools, one elementary community day school, and one secondary community day school.

Avenal Elementary is located in the southwestern area of Avenal and serves students in grades TK-6. At the beginning of the 2017-18 school year, 742 students were enrolled, including 4.9% receiving special education services, 58.9% qualifying for English Learner support, and 92.5% enrolled in the free and reduced-price meal program.

Student Enrollment by Student Group and Grade Level 2017-18			
Student Group	% of Total Enrollment	Grade Level	# of Students
Black or African American	0.0%	TK/Kinder	133
American Indian or Alaskan Native	0.1%	Grade 1	126
Asian	0.5%	Grade 2	117

Through a partnership with West Hills College, Avenal Elementary hosts a state preschool program and after-school day care program. Enrollment in the preschool program is open to children ages 3 and 4 in families meeting designated income criteria. Free after-school day care is available daily until 6:00 p.m. to all Avenal students; attending children may receive tutoring on homework or participate in organized activities and sports.

### Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in Teacher Assignment, including the Teacher Credentials & Misassignments chart; Instructional Materials, including the Textbooks chart; and School Facilities & Maintenance, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Parental Involvement – State Priority 3: Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in Parent Involvement.

Pupil Achievement – State Priority 4: Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in California Assessment of Student Performance and Progress, including the CAASPP charts.

Engagement (Pupil Engagement) – State Priority 5: School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in Dropout Rates, including the Dropout chart; and Graduation Rates, including the Graduation Rate chart for high schools only.

School Climate – State Priority 6: Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in Discipline & Climate for Learning, including Suspension & Expulsion chart; and School Site Safety Plan.

Conditions of Learning (Course Access) – State Priority 7: Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in Physical Fitness, including the Physical Fitness Test chart.

## Parent Involvement

Parents are encouraged to volunteer on campus, attend school events, and get involved in the decision-making process through school committees. School staff welcome parent assistance in the classroom, office, and library. The School Site Council, English Learner Advisory Council, Parent Conferences, Back to School Night, Open House, Student Performances, Parent Education Workshops, and Kindergarten Institute are examples of the many opportunities available to parents who want to get involved with their child's educational experience. Parents who want more information on school activities or committees may contact their child's teacher or the school office at (559) 386-5173.

All school-to-home communication is provided in English and Spanish. Personal phone calls, letters, teacher newsletters, district newsletter, school messenger, school website, district website, and the local newspaper are used to keep parents up to date on school news and classroom activities. The school marquee displays important announcements, dates, and reminders. Parents may access the Parent Portal (Aeries), an Internet-based student information system, to securely obtain their student's grades, attendance record, academic progress, and teacher contact data; a link is available on the district's website home page at [www.rsusd.net](http://www.rsusd.net).

## Student Achievement

### District Benchmark Assessments

Reef-Sunset Unified School District administers English Language Arts and Mathematics benchmarks to evaluate instructional programs and measure student proficiency. During the 2017-18 school year, I-Ready, digital benchmark assessments were administered to all students in English language arts and math three times. Test results are used to 1) help teachers identify areas where instruction may or may not be effective, 2) guide classroom instruction, and 3) identify students who need targeted academic assistance or intervention.

### Physical Fitness

In the spring of each year, Avenal Elementary School is required by the state to administer a physical fitness test to all students in fifth grade. The physical fitness test measures each student's ability to complete six fitness tasks in six major areas. Students that either meet or exceed the standards in all six fitness areas are considered to be physically fit or in the "healthy fitness zone." Comparative district and state results can be found at the CDE's web site [www.cde.ca.gov/ta/tg/pfi](http://www.cde.ca.gov/ta/tg/pfi).

California Physical Fitness Test Results 2017-18			
Grade Level	% of Standards Met:		
	4 of 6	5 of 6	6 of 6
Fifth	17.8%	9.3%	5.9%

*Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.*

## California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/).

Note: ELA & Mathematics test results include the Smarter Balanced Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

The 2016-17 data is not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018-19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016-17 and 2017-18) and the CAA for Science will be field-tested in 2018-19.

Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## School Facilities & Safety

### Facilities Profile

Avenal Elementary provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original school buildings were constructed in 1939; ongoing maintenance ensures school facilities are kept safe and in good working condition and continue to provide adequate space for students and staff. A comprehensive renovation of facilities took place between 1985 and 1996. A 4,000-square foot cafeteria, completed in 1998, is the school's most recent addition to the campus.

### 2017-18 Campus Improvements:

## Supervision & Safety

Each morning as students arrive on campus, they are required to report to a central location where their teacher is located who then walks the class to the classroom. Breakfast is then served to all students in the classroom prior to the teacher beginning their school work for the day.

During lunch recess, the student support coordinator, instructional aides, the custodian, and three noon duty aides circulate throughout the cafeteria and playground monitoring student behavior and activities. When students are dismissed at the end of the day, grades 1-5 are released from the classroom to walk home, and TK and kindergarten students are released from the classroom to an authorized parent or guardian. Hand-held radios enhance routine and emergency communication efforts concerning students, staff, and campus facilities. All staff members providing student supervision duty carry hand-held radios.

Many individuals visit the campus as volunteers or to participate in school events. To maintain a safe and secure environment, all parents and visitors are required to check in at the school office upon arrival and then return to the school office upon departure.

## School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Avenal Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, dress code policy, and bully prevention policy. The school's most current safety plan was reviewed, updated, and shared with school staff in January 2019.

Campus culture promotes a secure learning environment that encourages mutual respect, safe and healthy relationships, dignity, and equality. Bullying and harassment are not tolerated. The district has employed policies, procedures, and practices to reduce and eliminate bullying and harassment as well as the means to address such incidents when they occur. Students and their parents receive information annually regarding district policies concerning anti-bullying and harassment.

## Facilities Maintenance

School custodial staff and the district's maintenance department work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs a work order process enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Teachers submit a request form for unscheduled projects and special requests to the principal for approval. The principal reviews and forwards approved requests to the day custodian. Projects outside the regular scope of the custodian's responsibilities are submitted to M&O for resolution. Emergency situations are immediately resolved either by the school custodian or district maintenance staff.

Two full-time day custodians, two full-time evening custodians, and one part-time evening custodian are assigned to Avenal Elementary and work closely with the principal to manage routine maintenance, daily custodial duties, and special events. The principal and lead custodian communicate daily concerning cleaning needs and safety issues. Every morning before school begins, the lead day custodian inspects the facilities for safety hazards, graffiti, or other conditions that require removal prior to students and staff entering school grounds. Custodians are responsible for general cleaning of restrooms, classrooms, hallways, office areas, and cafeteria. The day custodians check restrooms throughout the day as a proactive measure in keeping restrooms adequately stocked and sanitary. Groundskeepers are dispatched by the district office weekly to perform general gardening and maintenance work.

## School Inspections

Avenal Elementary works closely with M&O for larger projects, routine facilities maintenance projects, and school inspections. The most recent facilities inspection at Avenal Elementary took place in August 2018. Schools are required by state law to report the condition of their facilities; the School Site Inspection

table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During the 2017-18 school year, 100% of restrooms were fully operational and available for student use at all times.

## Classroom Environment

### Class Size

The Class Size Distribution table in this report illustrates the distribution of class sizes by grade level, the average class size, and the number of classes that contain 1-20 students, 21-32 students, and 33 or more students.

### Discipline & Climate for Learning

Avenal Elementary teachers take a proactive approach to minimizing classroom disruptions. Behavior expectations, school rules, and consequences for poor conduct are clearly explained.

Students receive a student handbook at the beginning of the school year during their classroom orientation; the handbook outlines school rules, safety procedures, dress code, behavior expectations, and scope of disciplinary actions. Teachers reinforce behavioral responsibilities and review the contents of the handbook in classroom discussions held during the first week of school. On the first day of the school term, the student support coordinator visits each classroom to remind students to conduct themselves in a safe and responsible manner. The daily bulletin occasionally includes a reminder concerning student behavior or school rules.

The Restorative Justice model provides comprehensive curriculum to promote responsible, safe behaviors as well as bully prevention strategies through classroom activities, presentations, hands-on activities, and scripted weekly lessons.

Avenal Elementary's staff look for opportunities to recognize and reinforce positive behavior. K-3 students demonstrating kindness and good citizenship are given "PAW" awards (Positive Acting Wildcats); students may submit PAW awards into a weekly drawing for incentive prizes.

Teachers have individual classroom incentive awards celebrating good citizenship and academic achievements. Once a month, students demonstrating outstanding behavior and academic effort are eligible for the Student of the Month award; selected students (one from each classroom) are invited to a special lunch-time celebration and awarded incentive prizes. At the end of each school year, students with perfect attendance for the period are entered into a drawing for a bicycle.

## Curriculum & Instruction

### Staff Development

Staff development concentrations are selected and identified based on student performance on district formative and state assessments, Common Core State Standards, and federal grant requirements.

During the 2016-17, 2017-18, and 2018-19 school years, Reef Sunset Unified School District held district-sponsored staff development days that focused on the following topics:

FCOE representatives worked with the principal and teaching staff to develop an effective classroom observation/self-assessment system to evaluate daily instructional practices. Following a highly structured rubric, classroom observations address the teacher's use of employing state standards instruction and instructional strategies techniques. Observation results are used to identify individual and schoolwide strengths and weaknesses in delivering lessons that successfully convey course content and concepts.

The district supports ongoing staff training for new teachers and teachers new to the district. At the beginning of each school year, the district conducts a training session covering the math and language arts curricula. During the school year, teachers receive follow-up training at the county office location in Kings County and other neighboring districts and county agencies.

Reef-Sunset Unified School District and the Kings County Office of Education jointly support new and veteran teachers in developing their teaching skills. Beginning Teacher Support and Assessment (BTSA), a state-sponsored program, is designed for first- and second-year credentialed teachers and provides skills assistance over a three-year period.

Staff members are encouraged to attend professional workshops and conferences. New teachers, experienced teachers, mentor/teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by neighboring county offices of education. Long-term substitutes who are actively teaching in the classroom are expected to participate in Wednesday staff meetings and training activities.

Classified support staff are provided job-related training from vendors, department supervisors, and professional agencies.

### Site-Based Staff Development

Extra time provided on Wednesdays (early release days) allows teaching staff at Avenal Elementary to participate in additional professional development which is customized to address the specific needs of its students and teaching staff. The principal, student support coordinator, and grade level representatives identify staff development needs based upon teacher input, data analysis findings, classroom observation, walkthroughs, and districtwide goals. During the 2017-18 school year, site-based training activities focused on:

- Professional Learning Communities
- iReady for Reading/Language Arts - Intervention and Enrichment
- Orton Gillingham Intervention

## Professional Staff

### Teacher Assignment

During the 2017-18 school year, Avenal Elementary School had 24 teachers who met all credential requirements in accordance with state guidelines. The chart below identifies the number of teachers at both the school and district who are 1) fully credentialed; 2) without full credentials; 3) teaching outside subject area of competence; 4) misassignments for English learners; 5) total teacher misassignments; and 6) vacant teacher positions. The term "misassignments" refers to the number of positions filled by teachers who lack legal authorization to teacher that grade level, subject area, student group, etc.

### Support Services Staff

Support services staff consist of a district psychologist and district nurse. Through close collaboration, this expert team is instrumental in improving student attendance and achievement through the identification, referral, and remediation of health and/or emotional concerns.

The district psychologist is available to assist with academic, social, and emotional issues, provide assessments to determine eligibility for Special Education services, and facilitate coordination of Individual Education Plans (IEP). The district nurse is responsible for mandatory health screenings. Students and their families who require counseling are referred to professionals in the community; social workers are appointed by the court when necessary.

Reef-Sunset Unified School District is a member of the multi-district Kings County Special Education Local Plan Area (SELPA), which serves 14 school districts in Kings County. The SELPA enables participating school districts to pool resources and expertise in the field of special education.

Community resources and local service agencies have formed an ongoing partnership with Avenal Elementary to help students and their families. Community services offer tutorial assistance, food, housing, and medical care through the Healthy Start Services Program administered through the Business Services at the District Office. For more information on this program, contact Leticia at (559) 386-4230 or visit the district's web site at [www.rsusd.net](http://www.rsusd.net).

### Instructional Materials

All textbooks used in the core curriculum throughout Reef-Sunset Unified School District are being aligned to the Common Core State Standards. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the state's adoption.

On September 20, 2018, the Reef-Sunset Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution #2018:12 which certifies as required by Education Code §60119 that (1) textbooks and instructional materials were provided to all students, including English learners, in the district, (2) each pupil has a textbook or instructional materials, or both, to use in class and to take home, (3) textbooks and instructional materials are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, language arts, social studies, and science, (4) sufficient textbooks or instructional materials were provided to each student enrolled in foreign language or health classes, and (5) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9 to 12, inclusive.

In addition to the core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for its visual/performing arts curricula. During the 2018-19 school year, Reef-Sunset Unified School District provided all students enrolled in a visual/performing arts class with their own textbook or supplemental materials to use in class and to take home. These materials comply with the Common Core State Standards.

# District Expenditures

## Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state.

## Expenditures Per Student

For the 2016-17 school year, Reef-Sunset Unified School District spent an average of \$11,696 of total general funds to educate each student (based on 2016-17 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report (1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and (2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding expenditures and salaries can be found at the CDE website at [www.cde.ca.gov/ds/fd/ec/](http://www.cde.ca.gov/ds/fd/ec/) and [www.cde.ca.gov/ds/fd/cs/](http://www.cde.ca.gov/ds/fd/cs/). (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)
